## Parade applications now open for the 2020 National Multicultural Festival!

### Parade

We are very excited to announce that applications to participate in the National Multicultural Festival Parade are now open! The Parade will have everything from beautiful dancers and marching bands, to magnificent floats. Each year thousands of festival goers flock to the streets of Canberra to witness and enjoy a sea of performers from local and international groups.

If your group is interested in participating in the Parade, please fill in the [application form](#)

### Stallholders

The stallholder application process has concluded, and the festival team has commenced sending outcomes to each applicant. If you are still yet to receive your outcome, we will be in touch shortly.

Successful applicants have received notification with an invoice attached. Once payments have been received, we will commence the stall allocation process. We will be in touch with your stall allocation once finalised.

### Performers

The application process for performers has concluded with the outcomes sent out to all applicants last week.

Successful applicants have received a Performer Agreement which they need to sign and [return to the Festival team](#) by Friday 18 October.

We are currently working on finalising the Festival program - performance times will be conveyed to you by early November.

### Volunteers

Recruitment for volunteers is about to start very soon. If you are interested in giving your time to assist, we want to hear from you!

In 2019 the Festival engaged 245 volunteers who gave 1,856 hours across the 3 days. The Festival simply wouldn't be possible without the support from volunteers across the Canberra Region.

In 2020 we will be offering the following volunteering opportunities:

- General Volunteers
- Information Tent Assistants
- Master of Ceremonies
- Stage Managers
- Stage Assistants
- Photographers

If you would like to be involved in Australia's largest celebration of cultural diversity keep an out on our [website](#) for more information.
